JUNIOR LEAGUE OF ST. PETERSBURG

Dear Community Organizations:

The Junior League of St. Petersburg's Enabling Fund is used to provide small, one-time grants to the community. Over the past fifteen years, the Junior League of St. Petersburg has awarded more than \$100,000 in Enabling Fund Grants to various non-profits, providing vital assistance to these organizations so that they may continue to serve the community.

The grant recipient organizations must clearly demonstrate that their program goals and priorities align with the JLSP Mission and Issue Based Community Impact focus.

The Junior League of St. Petersburg Mission Statement:

The Junior League of St. Petersburg is an organization of women committed to promoting voluntarism, developing the potential of women and improving the community through the effective action and leadership of trained volunteers. Its purpose is exclusively educational and charitable.

Issue Based Community Impact (IBCI):

The Junior League of St. Petersburg focuses their community work on School Success for Children and Youth with a focus on Literacy, Health and Nutrition.

Distribution of the Enabling Fund Grant is handled by the Community Council. The Community Council reviews requests for funds from non-profit groups, organizations and community agencies to determine whether the intended use of the requested funds fits the mission and IBCI of the Junior League of St. Petersburg. Applications will be accepted from June through December and awarded in February.

The following guidelines have been established for Enabling Fund Grants:

1. Organizations will only be funded once during the fiscal year (May-April).
2. Requests must include the specific dollar amount requested.
3. Funds must be used for direct services and not for salaries or general operating expenses.
4. Incomplete or vague requests will not be reviewed until all the information is received.
5. Requests must include a means accountability for the dispensed funds.
6. Requests must be made in writing or by email.

Please complete the Enabling Fund Grant Application that is available for download on our website under Community Impact. Completed applications and any accompanying materials should be mailed to the address listed below.
